

ZEROTAPE® PET PACKAGING TAPE

NOMINAL VALUES

Backing

Polyethylene Terephthalate Film (PET)

Adhesive

IHB-120 | Immediate High Bond

Tensile Strength MD ^{TM 5004 by Afera}

81 ± 20 (N/mm²)

Elongation at Break MD ^{TM 5004 by Afera}

130 ± 30 (%)

Adhesion to Steel ^{TM 5001 by Afera}

9.0 ± 2 (N/25mm)

Film thickness

15 ± 1 (mic)

Total thickness

33 μ (±6%)

DESCRIPTION:

The new packing tape with focus on ergonomics and efficiency! Never before has there been a stand-alone packing tape system that guarantees extreme labor savings in the packing room. ZEROTAPE was developed specifically for employees who pack and seal packages on a daily basis.

APPLICATIONS:

ZEROTAPE PET is a packaging tape with a guaranteed minimum content of 70 Post-Consumer Recycled (PCR) PET carrier. The product has a strong and resilient backing with excellent storage and wear properties along with low elongation. The product is perfect for lightweight packaging applications and is ideal for highly recycled cartons.
