INVISIBLE MENDING TAPE

PRODUCT DESCRIPTION

A write-on invisible mending tape is a versatile office supply tape that is perfect for repairing documents or other paper items. This 2.0 mil (25 micron film) tape is translucent and frosty-white, making it easy to blend in with most paper colours. The specially treated matte finish polypropylene film ensures a strong hold, while the solvent-based acrylic adhesive allows for easy application. This hand-tearable tape is non-glare, making it ideal for use in well-lit office environments.

PHYSICAL PROPERTIES

Adhesive:	Solvent based acrylic
Colour:	Translucent, frosty-white
Total Thickness:	2.0 mil (25 microns film)
Adhesion:	19 oz/in
Tensile:	20 lbs/in
Elongation:	140%
Core I.D.:	1" plastic core

STANDARD WIDTHS

12 mm, 18 mm

STANDARD LENGTHS

33 metres

RECOMMENDED STORAGE CONDITIONS

The product should be stored at room temperature and be kept away from wet and/or heat source.

The above properties and results obtained refer to the average values of laboratory testing carried out on the sample Lowry® product. Lowry® does not guarantee testing accuracy and makes no guarantee of product performance, safety, or suitability, either expressed or implied, when used alone or in combination with other products. It is essential as with all pressure sensitive tapes, that the surface to which the tape is applied must be clean, dry, and free of grease and oil. Lowry® strongly urges users to undertake independent testing in order to verify the suitability of the product for whatever intended use. Lowry® assumes no responsibility for any damage or injury sustained as a result of the use of its products.
